A Hand Tied Bow or a Pull-thru Ribbon may be added to many foldover cards in The Robin Maguire Holiday Book.
Please see the bottom of each page for recommendations.

We will NOT add a Hand Tied Bow or Pull-thru Ribbon to your cards unless you request it on your order, even if our sample shows one.

If you wish to add a Bow or Ribbon to a card that is not sampled with one, just add the Bow or Ribbon price shown on the Price Page in the back of the album to the price shown on the page of the card you are ordering.

The ribbon samples shown above are offered only as indicated (e.g., White Satin is offered only as a Pull-thru, not as a Hand Tied Bow).

Please be sure to indicate the desired ribbon placement on your order. There are 4 choices for placement:

Top Center Horizontal • Top Center Vertical • Left Center ("up the side" - as on page 22) • **Diagonal Left Corner** (not shown)

If no Hand Tied Bow or Pull-thru Ribbon is indicated on your order, we will not add one.

If no ribbon placement is indicated on your order, we will place it as on the sample of the card you have chosen.

If there is no bow or ribbon shown on the sample of the card you have chosen, and no indication of placement is made on your order, we will place Hand Tied Bows Top Center, and Pull-thru Ribbons Top Center.
